IDENTIFICATION SECTION

Field name	Data dictionary reference name	Field size	Starting position	Data type
------------	--------------------------------	------------	-------------------	-----------

NOTE: The filling of codes and data attributes in the files is specific to summary level; not all fields are filled for every summary level. Where a code or attribute is specified, the actual value is assigned to the field except for the use of three special codes:

Assignment of codes of nine (9) indicates a balance record or that the entity or attribute does not exist for this record.

Assignment of pound signs (#) indicates that more than one value exists for this field and, thus, no specific value can be assigned.

Assignment of exclamation marks (!) indicates that the data are not yet available for this product.

Geographic Area Codes—Con.

FIPS County Class Code ⁸	COUNTYCC	2	33	A/N
-------------------------------------	----------	---	----	-----

- | | |
|----|--|
| C7 | An incorporated place that is independent of any county |
| H1 | An active county or equivalent area |
| H4 | An inactive county or equivalent area |
| H5 | A statistical county equivalent area |
| H6 | A county or equivalent feature that has consolidated its government with an incorporated place |

County Size Code ⁹	COUNTYSC	2	35	A/N
-------------------------------	----------	---	----	-----

County Subdivision (FIPS) ^{7, 8}	COUSUB	5	37	A/N
---	--------	---	----	-----

- | | |
|-------------|--|
| 00000 | Water area not assigned to a county subdivision |
| 00001–89999 | County subdivision in a state-level entity with governmental entities and in Alaska and Puerto Rico |
| 90000–98999 | County subdivision in a state with administrative or statistical entities (excluding Alaska and Puerto Rico) |

FIPS County Subdivision Class Code ⁸	COUSUBCC	2	42	A/N
---	----------	---	----	-----

- | | |
|----|---|
| C2 | An active incorporated place that is legally coextensive with a county subdivision but treated as independent of any county subdivision (an independent place) |
| C5 | An active incorporated place that is independent of any county subdivision and serves as a county subdivision equivalent (an independent place) |
| C7 | An incorporated place that is independent of any county (an independent city) |
| T1 | An active county subdivision that is not coextensive with an incorporated place |
| T2 | An active county subdivision that is coextensive with a census designated place |
| T5 | An active county subdivision that is coextensive with an incorporated place |
| T9 | An inactive county subdivision |
| Z1 | A nonfunctioning county subdivision |
| Z2 | A county subdivision that is coextensive with or wholly contained within a legal American Indian, Alaska Native, or Native Hawaiian area and is independent of any other county subdivision |
| Z3 | A county subdivision defined as a statistical unorganized territory |
| Z5 | A statistical census county division (CCD) or census subarea (Alaska only) |
| Z7 | An active incorporated place that is legally coextensive with or independent of any county subdivision in a state with only nonfunctioning county subdivisions (an independent place) |
| Z9 | Water area not assigned to a county subdivision |

Place (FIPS) ^{7, 8}	PLACE	5	46	A/N
------------------------------	-------	---	----	-----

- | | |
|-------------|---|
| 00001–89999 | Incorporated place or census designated place (CDP) |
|-------------|---|

FIPS Place Class Code ⁸	PLACECC	2	51	A/N
------------------------------------	---------	---	----	-----

- | | |
|----|--|
| C1 | An active incorporated place that does not serve as a county subdivision equivalent |
| C2 | An active incorporated place that is legally coextensive with a county subdivision but treated as independent of any county subdivision (an independent place) |

Geographic Area Codes—Con.**FIPS Place Class Code⁸—Con.**

- C5 An active incorporated place that is independent of any county subdivision and serves as a county subdivision equivalent (an independent place)
- C6 An active incorporated place that is partially independent of any county subdivision and partially dependent within a legal county subdivision (exists in Iowa and Ohio only)
- C7 An incorporated place that is independent of any county (an independent city)
- C8 The balance of a consolidated city excluding the separately incorporated place(s) within that consolidated government
- C9 An inactive or nonfunctioning incorporated place
- M2 A census designated place (CDP) defined within a military or Coast Guard installation
- U1 A census designated place (CDP) with a name officially recognized by the U.S. Board on Geographic Names for a populated place
- U2 A census designated place (CDP) with a name not officially recognized by the U.S. Board on Geographic Names for a populated place

Area Characteristics—Con.**Legal/Statistical Area Description Code—Con.**

- 00 None—no legal/statistical area description exists; no text is appended to the name of the entity
- 03 City and borough—legal county equivalent in Alaska (Juneau, Sitka, Wrangell, and Yakutat); “City and Borough” is appended to the name of the entity
- 04 Borough—county equivalent in Alaska; “Borough” is appended to the name of the entity
- 05 Census area—statistical county equivalent in Alaska; “Census Area” is appended to the name of the entity
- 06 County—legal division of 48 states; “County” is appended to the name of the entity
- 07 District—1) legal tribal subdivision in Arizona, Minnesota, Montana, Nebraska, North Dakota, and South Dakota; 2) state legislative district (upper chamber) in Massachusetts; and 3) state legislative district (lower chamber) in Massachusetts; “District” is appended to the name of the entity
- 12 Municipality—legal county equivalent in Alaska (Anchorage and Skagway); “Municipality” is appended to the name of the entity
- 13 Municipio—legal county equivalent in Puerto Rico; “Municipio” is appended to the name of the entity
- 15 Parish—legal county equivalent in Louisiana; “Parish” is appended to the name of the entity
- 20 Barrio—minor civil division (MCD) in Puerto Rico; “barrio” is appended to the name of the entity
- 21 Borough—1) minor civil division (MCD) in New York; 2) MCD equivalent (independent place) in New Jersey and Pennsylvania; 3) incorporated place in Connecticut, New Jersey, and Pennsylvania; “borough” is appended to the name of the entity
- 22 Census county division (CCD)—statistical county subdivision in 20 states; “CCD” is appended to the name of the entity
- 23 Census subarea—statistical county subdivision in Alaska; “census subarea” is appended to the name of the entity
- 25 City—1) legal county equivalent in Maryland, Missouri, and Virginia (independent city); 2) minor civil division (MCD) equivalent in 23 states and the District of Columbia (independent place); 3) incorporated place in 49 states and the District of Columbia; 4) consolidated city in Connecticut (Milford) and Indiana (Indianapolis); “city” is appended to the name of the entity
- 27 District (election, magisterial)—minor civil division (MCD) in Virginia and West Virginia; “district” is appended to the name of the entity
- 28 District (commissioner, election, magisterial, supervisors’, or parish governing authority)—1) minor civil division (MCD) in Louisiana, Maryland, Mississippi, Nebraska, Tennessee, Virginia, and West Virginia; 2) tribal subdivision in Arizona and South Dakota; “District” is added before the name of the entity
- 29 Election precinct—minor civil division (MCD) in Illinois and Nebraska; “precinct” is appended to the name of the entity
- 30 Election precinct—minor civil division (MCD) in Illinois and Nebraska; “Precinct” is added before the name of the entity
- 31 Gore—minor civil division (MCD) in Maine and Vermont; “gore” is appended to the name of the entity
- 32 Grant—minor civil division (MCD) in New Hampshire and Vermont; “grant” is appended to the name of the entity
- 36 Location—minor civil division (MCD) in New Hampshire; “location” is appended to the name of the entity
- 37 Municipality—1) minor civil division (MCD) equivalent in Pennsylvania (independent place); 2) incorporated place in Alaska (Anchorage) and Pennsylvania; “municipality” is appended to the name of the entity
- 39 Plantation—minor civil division (MCD) in Maine; “plantation” is appended to the name of the entity
- 41 Barrio-pueblo—minor civil division (MCD) in Puerto Rico; “barrio-pueblo” is appended to the name of the entity

Area Characteristics—Con.**Legal/Statistical Area Description Code—Con.**

- 42 Purchase—minor civil division (MCD) in New Hampshire; “purchase” is appended to the name of the entity
- 43 Town—1) minor civil division (MCD) in eight states; 2) MCD equivalent in New Jersey, Pennsylvania, and South Dakota (independent place); 3) incorporated place in 30 states; “town” is appended to the name of the entity
- 44 Township—minor civil division (MCD) in 16 states; “township” is appended to the name of the entity
- 45 Township—minor civil division (MCD) in Arkansas, Kansas, Minnesota, Nebraska, and North Carolina; “Township” is added before the name of the entity
- 46 Unorganized territory—minor civil division (MCD) in nine states; “UT” is appended to the name of the entity
- 47 Village—1) minor civil division (MCD) equivalent in New Jersey, Ohio, South Dakota, and Wisconsin (independent place); 2) incorporated place in 19 states; “village” is appended to the name of the entity
- 49 Charter township—minor civil division (MCD) in Michigan; “charter township” is appended to the name of the entity
- 51 Subbarrio—subminor civil division (sub-MCD) in Puerto Rico; “subbarrio” is appended to the name of the entity
- 53 City and borough—incorporated place in Alaska (Juneau, Sitka, and Wrangell); “city and borough” is appended to the name of the entity
- 55 Comunidad—statistical place (census designated place) in Puerto Rico; “comunidad” is appended to the name of the entity
- 57 Census designated place—statistical place in all 50 states; “CDP” is appended to the name of the entity
- 62 Zona urbana—statistical place (census designated place) in Puerto Rico; “zona urbana” is appended to the name of the entity
- 68 Census region—statistical division of the United States; “Region” is appended to the name of the entity
- 69 Census division—statistical division of the United States; “Division” is appended to the name of the entity
- 70 Urban growth area (UGA)—legal area in Oregon and Washington; “UGA” is appended to the name of the entity
- 75 Urbanized area (UA)—statistical urban area in all 50 states, the District of Columbia, and Puerto Rico; “Urbanized Area” is appended to the name of the entity
- 76 Urban cluster (UC)—statistical urban area in all 50 states and Puerto Rico; “Urban Cluster” is appended to the name of the entity
- 77 Alaska Native Regional Corporation—legal Alaska Native area in Alaska; “Alaska Native Regional Corporation” is appended to the name of the entity
- 78 Hawaiian home land—legal Native Hawaiian area in Hawaii; “Hawaiian Home Land” is appended to the name of the entity
- 79 Alaska Native village statistical area—statistical Alaska Native area in Alaska; “ANVSA” is appended to the name of the entity
- 80 Tribal designated statistical area—statistical American Indian reservation equivalent in California, New York, and Washington for federally recognized tribes without a legal land base outside of Oklahoma; “TDSA” is appended to the name of the entity
- 81 Colony—American Indian reservation in Nevada; “Colony” is appended to the name of the entity
- 82 Community—1) American Indian reservation in California, Minnesota, Nevada, Oregon, and Wisconsin; “Community” is appended to the name of the entity; 2) American Indian tribal subdivision in North Carolina and Oklahoma
- 83 Joint-use area—American Indian reservation equivalent in Kansas and New Mexico; “joint-use area” is appended to the name of the entity

Area Characteristics—Con.**Legal/Statistical Area Description Code—Con.**

- 84 Pueblo—American Indian reservation in New Mexico and Texas; “Pueblo” is appended to the name of the entity
- 85 Rancheria—American Indian reservation in California; “Rancheria” is appended to the name of the entity
- 86 Reservation—1) American Indian reservation in 34 states; 2) minor civil division (MCD) equivalent in Maine and New York; “Reservation” is appended to the name of the entity
- 87 Reserve—American Indian reservation in Alaska; “Reserve” is appended to the name of the entity
- 88 Oklahoma tribal statistical area—statistical American Indian reservation equivalent in Oklahoma; “OTSA” is appended to the name of the entity
- 89 Trust land—legal American Indian reservation equivalent in nine states; “Trust Land” is appended to the name of the entity
- 90 Joint-use Oklahoma tribal statistical area—statistical American Indian reservation equivalent in Oklahoma; “joint-use OTSA” is appended to the name of the entity
- 91 Ranch—American Indian reservation in Nevada; “Ranch” is appended to the name of the entity
- 92 State designated tribal statistical area—statistical American Indian reservation equivalent in Alabama, Delaware, Louisiana, New Jersey, North Carolina, South Carolina, and Virginia; “SDTSA” is appended to the name of the entity
- 93 Indian village—American Indian reservation in California; “Indian Village” is appended to the name of the entity
- 94 Village—American Indian reservation in California and Oregon; “Village” is appended to the name of the entity
- 95 Indian community—American Indian reservation in Michigan and Minnesota; “Indian Community” is appended to the name of the entity
- 96 Indian reservation—American Indian reservation in Arizona, California, Montana, Nevada, Oregon, South Dakota, and Washington; “Indian Reservation” is appended to the name of the entity
- 97 Indian rancheria—American Indian reservation in California; “Indian Rancheria” is appended to the name of the entity
- 98 Indian colony—American Indian reservation in Nevada and Oregon; “Indian Colony” is appended to the name of the entity
- 99 Pueblo de—American Indian reservation in New Mexico; “Pueblo de” is added before the name of the entity
- 9C Pueblo of—American Indian reservation in New Mexico; “Pueblo of” is added before the name of the entity
- 9D Settlement—American Indian reservation in Iowa; “Settlement” is appended to the name of the entity
- BG Block group—statistical area in the United States and Puerto Rico; “Block Group” is added before the name (code) of the entity
- BK Block—statistical area in the United States and Puerto Rico; “Block” is added before the name (code) of the entity
- C1 Congressional district (at large)—congressional district in a single-district state (Alaska, Delaware, Montana, North Dakota, South Dakota, Vermont, and Wyoming); “Congressional District (at Large)” appears as the name of the entity
- C2 Congressional district—congressional district in a state with more than one district (43 states); “Congressional District” is added before the name (code) of the entity
- C3 Resident commissioner district (at large)—congressional district equivalent in Puerto Rico; “Resident Commissioner District (at Large)” appears as the name of the entity
- C4 Delegate district (at large)—congressional district equivalent in the District of Columbia; “Delegate District (at Large)” appears as the name of the entity

Area Characteristics—Con.**Legal/Statistical Area Description Code—Con.**

- CG Consolidated government—consolidated city in Georgia (Augusta-Richmond County); “consolidated government” is appended to the name of the entity
- CN Corporation—incorporated place in West Virginia (Ranson); “corporation” is appended to the name of the entity
- CT Census tract—statistical area in the United States and Puerto Rico; “Census Tract” is added before the name (modified code) of the entity
- IB Tribal block group—statistical area within specified legal American Indian areas; “Tribal Block Group” is added before the name (code) of the entity
- IT Tribal census tract—statistical area within specified legal American Indian areas; “Tribal Census Tract” is added before the name (modified code) of the entity
- L1 Ward—state legislative district (upper chamber) equivalent in the District of Columbia; “Ward” is added before the name of the entity
- L2 Senatorial district—state legislative district (upper chamber) in Nevada; “Senatorial District” is appended to the name of the entity
- L3 Assembly district—state legislative district (lower chamber) in California, Nevada, New York, and Wisconsin; “Assembly District” is added before the name of the entity
- L4 General assembly district—state legislative district (lower chamber) in New Jersey; “General Assembly District” is added before the name of the entity
- L5 State legislative district—state legislative district (lower chamber) in Maryland; “State Legislative District” is added before the name of the entity
- L6 State legislative subdistrict—state legislative district (lower chamber) in Maryland; “State Legislative Subdistrict” is added before the name of the entity
- L8 State senate district—state legislative district (upper chamber) in Vermont; “State Senate District” is appended to the name of the entity
- L9 State house district—state legislative district (lower chamber) in Vermont; “State House District” is appended to the name of the entity
- LL State house district—state legislative district (lower chamber) in 41 states and Puerto Rico; “State House District” is added before the name of the entity
- LU State senate district—state legislative district (upper chamber) in 47 states and Puerto Rico; “State Senate District” is added before the name of the entity
- M0 Combined statistical area—statistical area in 45 states, the District of Columbia, and Puerto Rico; “CSA” is appended to the name of the entity
- M1 Metropolitan statistical area—statistical area in all 50 states, the District of Columbia, and Puerto Rico; “Metro Area” is appended to the name of the entity
- M2 Micropolitan statistical area—statistical area in 47 states and Puerto Rico; “Micro Area” is appended to the name of the entity
- M3 Metropolitan division—statistical area in 17 states and the District of Columbia; “Metro Division” is appended to the name of the entity
- M4 Combined New England city and town area—statistical area in Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont; “Combined NECTA” is appended to the name of the entity
- M5 Metropolitan New England city and town area—statistical area in Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont; “Metropolitan NECTA” is appended to the name of the entity
- M6 Micropolitan New England city and town area—statistical area in Connecticut, Maine, Massachusetts, New Hampshire, and Vermont; “Micropolitan NECTA” is appended to the name of the entity
- M7 New England city and town area division—statistical area in Massachusetts and New Hampshire; “NECTA Division” is appended to the name of the entity

Area Characteristics—Con.**Legal/Statistical Area Description Code—Con.**

MG	Metropolitan government—1) incorporated place in Tennessee (Lynchburg, Moore County); 2) consolidated city in Tennessee (Nashville-Davidson); “metropolitan government” is appended to the name of the entity
MT	Metro government—consolidated city in Kentucky (Louisville/Jefferson County); “metro government” is appended to the name of the entity
OT	Off-reservation trust land—trust land component of an American Indian reservation with associated trust land in 23 states; “Off-Reservation Trust Land” is appended to the name of the entity
P5	Public use microdata area (PUMA)—statistical area in all 50 states, the District of Columbia, and Puerto Rico; “PUMA” is added before the name (code) of the entity
T1	Area—American Indian tribal subdivision in Arizona and Utah; “Area” is appended to the name of the entity
T2	Chapter—American Indian tribal subdivision in Arizona, New Mexico, and Utah; “Chapter” is appended to the name of the entity
T3	Segment—American Indian tribal subdivision in Minnesota, North Dakota, and South Dakota; “Segment” is appended to the name of the entity
TA	Administrative area—American Indian tribal subdivision in Arizona; “Administrative Area” is appended to the name of the entity
TB	Addition—American Indian tribal subdivision in Wisconsin; “Addition” is appended to the name of the entity
TC	County district—statistical American Indian tribal subdivision in Oklahoma; “County District” is added before the name of the entity
UC	Urban county—incorporated place in Kentucky (Lexington-Fayette); “urban county” is appended to the name of the entity
UG	Unified government—1) incorporated place in Georgia (Cusseta-Chattahoochee County, Georgetown-Quitman County, and Webster County); 2) consolidated city in Georgia (Athens-Clarke County); “unified government” is appended to the name of the entity
V1	Voting district (VTD)—legal voting district in 32 states and Puerto Rico; “VTD” is added before the name of the entity
V2	Voting district (VTD)—legal voting district in 32 states; “VTD” is appended to the name of the entity
Z5	ZIP code tabulation area (5-digit)—statistical area in all 50 states, the District of Columbia, and Puerto Rico; “ZCTA5” is added before the name of the entity

ENDNOTES

1. A unique, six-character identifier for each file series. See [“How to Use This Product”](#) for further information.
2. Identifies the geographic level for which the data matrices on the summary file have been summarized. The summary level sequence chart describes the hierarchical arrangement of the specified geographic areas with other geographic areas, if any. The summary level must be used in combination with the geographic area codes to identify a specific geographic area (for example, summary level 050 and a specific state and county code must be used together to locate the data for a particular county). See [“How to Use This Product”](#) for further information.
3. Indicates an iteration (repetition), for the specified summary level, of the data matrices on the summary file for the geographic components listed in the Geographic Component field. The Redistricting Data Summary File products contain no components. See [“How to Use This Product”](#) for further information.

Geographic Component Description

00	Not a geographic component
01	Urban
04	Urban—in urbanized area
05	Urban—in urbanized area of 5,000,000 or more population
06	Urban—in urbanized area of 2,500,000 to 4,999,999 population
07	Urban—in urbanized area of 1,000,000 to 2,499,999 population
08	Urban—in urbanized area of 500,000 to 999,999 population
09	Urban—in urbanized area of 250,000 to 499,999 population
10	Urban—in urbanized area of 100,000 to 249,999 population
11	Urban—in urbanized area of 50,000 to 99,999 population
28	Urban—in urban cluster
29	Urban—in urban cluster of 25,000 to 49,999 population
30	Urban—in urban cluster of 10,000 to 24,999 population
31	Urban—in urban cluster of 5,000 to 9,999 population
32	Urban—in urban cluster of 2,500 to 4,999 population
43	Rural
44	Rural—place

- Indicates an iteration (repetition), for the specified summary level, of the data matrices on the summary file for a population or housing characteristic. These iteration fields apply to Summary File 2 (SF 2) and the American Indian and Alaska Native Summary File only.
- The sequence number of the table file within the set of physical files for the state (i.e., the geographic header record file and one or more table files). See [How to Use This Product](#) for more information.
- The logical record is the complete record for a geographic entity defined by the summary level, but exclusive of the characteristic iteration. A logical record may have one or more parts (or segments). Each logical record has an assigned sequential integer number within the file. See [How to Use This Product](#) for further information.
- See [Appendix A, “Geographic Terms and Concepts,”](#) for definition of this field.
- The Federal Information Processing Standards (FIPS) codes were withdrawn as a standard in 2005. The Census Bureau, however, has renamed these codes as Federal Information Processing Series codes and retained the acronym. The two-digit state and congressional district and three-digit county FIPS codes (former FIPS 5, 9, and 6, respectively) are unchanged, but with oversight transferred to the American National Standards Institute (ANSI). The five-digit FIPS 55 codes are no longer a federal code standard; however they are retained in Census Bureau files as administrative codes and used as primary key codes for many geographic entity types. The U.S. Geological Survey has received ANSI oversight for a code standard that uses the Geographic Names Information System identifier (GNIS ID).

The new ANSI standard using the GNIS ID as the official codes for Named Physical and Cultural Geographic Features of the United States and Puerto Rico also is included in Census Bureau files for state, county, county subdivision, place, consolidated city, American Indian area, Alaska Native area, Hawaiian home land, American Indian tribal subdivision, and subminor civil division or equivalent features. The Census Bureau references these fields in the geoheader as ANSI codes and using the term National Standard code. The codes represent the official numeric GNIS ID as an eight-digit character field with leading zeroes. The Census Bureau treats the state and county or equivalent area ANSI codes as supplemental standard codes.

The following lists the published code standards used for the 2010 Census (with its associated Census 2000 standard):

- INCITS.38-200x (R2004), Codes for the Identification of the States, the District of Columbia, Puerto Rico, and the Insular Areas of the United States (Formerly FIPS 5-2)
- INCITS.31-200x (R2007), Codes for the Identification of Counties and Equivalent Areas of the United States, Puerto Rico, and the Insular Areas of the United States (Formerly FIPS 6-4)

ENDNOTES—Con.

- INCITS.454-200x, Codes for the Identification of Metropolitan and Micropolitan Statistical Areas and Related Areas of the United States and Puerto Rico (Formerly FIPS 8-6)
- INCITS 455-200x, Codes for the Identification of Congressional Districts and Equivalent Areas of the United States, Puerto Rico, and the Insular Areas (Formerly FIPS 9-1)
- INCITS 446-2008, (GNIS) Identifying Attributes for Named Physical and Cultural Geographic Features (Except Roads and Highways) of the United States, Its Territories, Outlying Areas, and Freely Associated Areas, and the Waters of the Same to the Limit of the Twelve-Mile Statutory Zone (Formerly FIPS 55-4).

Note: INCITS refers to InterNational Committee for Information Technology Standards.

9. Identifies areas within predetermined population ranges. The actual codes and ranges are common to all entities with a size code field. The complete list of size codes follows:

00	Not in universe
01	0
02	1–24
03	25–99
04	100–199
05	200–249
06	250–299
07	300–499
08	500–999
09	1,000–1,499
10	1,500–1,999
11	2,000–2,499
12	2,500–4,999
13	5,000–9,999
14	10,000–19,999
15	20,000–24,999
16	25,000–49,999
17	50,000–99,999
18	100,000–249,999
19	250,000–499,999
20	500,000–999,999
21	1,000,000–2,499,999
22	2,500,000–4,999,999
23	5,000,000 or more

The size code fields are not filled for the Redistricting Data Summary File products.

10. Codes in unspecified arrangement for U.S. Census Bureau use.
11. Federal Information Processing Series (FIPS) 55 codes are assigned by state. Because American Indian areas and tribal subdivisions can exist in more than one state, multiple FIPS 55 codes can exist for the entity.
12. Urban Areas, Urban/Rural classification, ZIP Code Tabulation Areas, and Public Use Microdata Areas are not available in the Redistricting Data products.
13. Blank values in the Congressional District (111th) field indicate areas where no congressional district was assigned by state redistricting officials.
14. State legislative district codes have three characters and can include a hyphen (-). The code ZZZ indicates state legislative districts not defined. In the District of Columbia and Nebraska, both of which have a single legislative body, the state legislative districts are reported as upper chamber districts, and the lower chamber districts are coded as 999.

ENDNOTES—Con.

15. Voting district codes can have one to six characters including special characters of a hyphen (-), dot (.), and forward slash (/). If the code contains less than six characters, the field is right-justified with leading blanks. The code ZZZZZZ indicates voting district not defined in a county or equivalent area containing one or more defined voting districts.
16. Land area measurement in square meters. The accuracy of the area measurement is limited by the inaccuracy inherent in the mapping of the various boundary features in the Census Bureau's geographic database. Land area includes areas classified as intermittent water, swamps, and glaciers, which appear on census maps and in the Census Bureau's geographic database as hydrographic features. Square miles can be derived by dividing square meters by 2,589,988. See [Appendix A, "Geographic Terms and Concepts,"](#) for definition of this field.
17. Water area measurement in square meters. The accuracy of the area measurement is limited by the inaccuracy inherent in the mapping of the various boundary features in the Census Bureau's geographic database. Water area excludes areas classified as intermittent water, swamps, and glaciers, which are treated as land even though they appear on census maps and in the Census Bureau's geographic database as hydrographic features. Square miles can be derived by dividing square meters by 2,589,988. See [Appendix A, "Geographic Terms and Concepts,"](#) for definition of this field.
18. Name of the lowest-level entity represented by the summary level. In addition to the name of the entity, the name field contains the legal/statistical area description (LSAD), when appropriate, and sometimes contains the state abbreviation. For legal entities, the name is the one reported to the U.S. Census Bureau in the Boundary and Annexation Survey or by other appropriate sources, such as state education officials for school districts. For statistical entities, the name is determined by the Office of Management and Budget for metropolitan and micropolitan areas. The remaining statistical area names usually are supplied by tribal, state, or local sources according to published criteria. For redistricting data entities, names are reported by the state redistricting data liaison. For other areas, the name is determined by the local officials, usually in cooperation with the U.S. Census Bureau. When the summary level data represent only part of the area specified in the name, the name usually will have "(part)" appended to the name/code terminology to designate that this entry for the entity represents only a part of the total entity.
19. The total number of persons enumerated in the specified geographic entity as determined in the 100 percent processing.
20. The total number of housing units enumerated in the specified geographic entity as determined in the 100 percent processing.
21. Latitude in degrees, to seven decimal places, of a point within the geographic area represented by the summary level. The character immediately preceding the first digit of the latitude of an internal point identifies the direction (hemisphere): a plus sign (+) indicates the Northern Hemisphere; a minus sign (-) indicates the Southern Hemisphere. See [Appendix A, "Geographic Terms and Concepts,"](#) for definition of this field.
22. Longitude in degrees, to seven decimal places, of a point within the geographic area represented by the summary level. The character immediately preceding the first digit of the longitude of an internal point identifies the direction (hemisphere): a plus sign (+) indicates the Eastern Hemisphere; a minus sign (-) indicates the Western Hemisphere. A point on the 180th meridian is assigned to the Western Hemisphere (-180.0000000). See [Appendix A, "Geographic Terms and Concepts,"](#) for definition of this field.
23. Congressional District (113th), Congressional District (114th), and Congressional District (115th) are reserved for areas established after reapportionment and redistricting.
24. State Legislative District—Upper and Lower Chamber—for Year 2, 3, and 4 are reserved for areas established after redistricting.

TABLE (MATRIX) SECTION

The 2010 Census Redistricting Data (Public Law 94-171) Summary File is provided as a set, including one geographic header file and two data files. The data files are presented in the table (matrix) section and are ASCII format with variable length fields delimited by commas. The data fields are numeric with the maximum size shown in MAX SIZE. Each data file begins with a subset of fields from the geographic header file. They are file identification (FILEID), state/U.S. abbreviation (STUSAB), characteristic iteration (CHARITER), two-character file sequence number (CIFSN), and a logical record number (LOGRECNO).

Table number	Table contents	Data dictionary reference name	Segment	Max size
--------------	----------------	--------------------------------	---------	----------

File 01—File Linking Fields (*comma delimited*). These fields link File 01 with the geographic header and other files in the data set.

Field name	Data dictionary reference name	Max size	Data type
File Identification	FILEID	6	A/N
State/U.S. Abbreviation (USPS)	STUSAB	2	A
Characteristic Iteration	CHARITER	3	A/N
Characteristic Iteration File Sequence Number	CIFSN	2	A/N
Logical Record Number	LOGRECNO	7	N

P1. RACE [71]

Universe: Total population

Total:	P0010001	01	9
